180 × 130 mm flat  
sweet bag

## DESIGNS

13 colours · chevron,  
polka dot & metallic

## PACKAGING

Retail packs of 25 ·  
bulk on request

## 1 Product Overview

- Yolli coloured paper sweet bags are flat, food-grade printed paper bags designed as the finishing touch for weddings, birthdays, baby showers and sweet buffets. The serrated top edge and gusseted base make them quick to fill and easy to present.
- Ideal for sweets, chocolates and small gifts, they suit pick-and-mix displays, sweet shops, party favours, children's party bags and bakery treats, as well as craft and gift uses such as handmade soaps, candles and small accessories.
- Available in a wide choice of colours and patterns — chevron and polka-dot prints, plus metallic gold, silver and red finishes — to match any theme or celebration.
- Supplied in retail packs of 25 bags. Bulk and wholesale quantities are available to trade customers on request.

## 2 Technical Characteristics

Property	Specification
<b>Material</b>	Food-grade paper, printed. Recyclable and suitable for direct contact with dry confectionery.
<b>Format</b>	Flat sweet bag with serrated (pinked) top edge and gusseted base.
<b>Dimensions</b>	180 mm (H) × 130 mm (W), nominal.
<b>Finishes</b>	Chevron print, polka-dot print, and metallic polka-dot (gold, silver, red).
<b>Food contact</b>	Food-safe paper, suitable for sweets, chocolates and small treats.
<b>Closure</b>	Fold-over top; finish with stickers, twist ties, ribbon or pegs as preferred.
<b>Packaging</b>	Retail packs of 25 bags. Bulk and wholesale quantities available on request.
<b>Recyclability</b>	Recyclable where kerbside paper recycling is accepted.

## 3 Typical Applications

- Wedding & party sweet buffets
- Pick-and-mix sweet shops
- Children's party bags & favours
- Baby showers & celebrations
- Bakery treats & chocolates
- Handmade soaps & candles
- Craft-fair packaging
- Small gifts & accessories

## 4 Colour & Design Range

All designs share the same 180 × 130 mm bag and are supplied in retail packs of 25. Each colour / pattern is a separate stock variant.

Metallic Silver	CPB019	Metallic Polka Dot	25

**Note:** Colour and pattern availability follows live stock. Confirm current availability and bulk pricing at the time of order. SKU codes are listed for trade ordering and may be combined across designs to reach wholesale quantities.

## 5 Supporting Compliance Documentation

The following documentation for the food-grade paper used in these bags is held on file and available to trade customers on request. Supplier-identifying details have been redacted.

- **Food-contact safety & migration test report.** Independent laboratory testing confirms the paper is suitable for direct contact with food. Overall migration and permanganate-extractable matter were comfortably within the permitted limits, and toxic elements — including lead, arsenic, mercury, cadmium, chromium, antimony, barium and selenium — were below detection or far under their limits. Bisphenol A (BPA), PFAS (PFOA/PFOS), regulated phthalates and primary aromatic amines were **not detected**, and the paper passed microbiological (coliform, salmonella, mould), formaldehyde and optical-brightener checks. Tested against Regulation (EU) No 10/2011, US FDA 21 CFR 176.170, EN 71-3 (migration of certain elements), RoHS 2011/65/EU with (EU) 2015/863, and German BfR recommendations. Issued April 2017.
- **FSC™ Chain-of-Custody certificate.** A valid Forest Stewardship Council Chain-of-Custody certificate is held for the paper, covering white kraft and food-wrapping paper grades under claim FSC 100% / FSC Mix (standards FSC-STD-40-004 and FSC-STD-50-001). This confirms the paper is sourced from responsibly managed, traceable forests.

## 6 Warnings & Care

- Not a toy. Keep bags away from babies and young children to avoid the risk of suffocation or choking.
- Intended for dry confectionery, chocolates and small gifts. Not designed for greasy, wet, hot or oven/microwave use unless separately confirmed for the finished application.
- Store flat in a cool, dry place away from damp, direct heat and naked flames. Printed colours may transfer if the bags become wet.

**Note:** Original certificates — including the laboratory test report and the FSC Chain-of-Custody certificate — can be issued to trade customers on request. Supplier names, addresses, and report and certificate reference numbers have been redacted from this summary. Confirm exact certification references before relying on them for due-diligence files.
