

Wooden Chip Forks

Product Specification · Revision date: 16th June 2026

MATERIAL

Biodegradable
natural birch wood

PRODUCT

Wooden chip forks,
94 mm spade head

PACKAGING

Paper-wrapped
bundles of 50; packs
of 1,000 & 10,000

USE

Fish & chips,
takeaways, street
food & events

1 Product Overview

- Yolli wooden chip forks are a sustainable, food-safe alternative to plastic, made from smooth natural birch wood with a flat spade-head design. The 94 mm size is the traditional industry standard for chip portions.
- Strong and splinter-free, they are suitable for both hot and cold foods.
- Supplied in paper-wrapped bundles of 50 — retail packs of 1,000 (20 bundles) and bulk packs of 10,000 (200 bundles). Custom quantities available on request.

2 General Characteristics

Property	Specification
Material	Biodegradable natural birch wood.
Format	Flat wooden chip fork (spade head, two-prong).
Finish	Smooth, splinter-free; uncoated natural wood.
Suitability	Suitable for both hot and cold foods.
Packaging options	Paper-wrapped bundles of 50; retail packs of 1,000 (20 bundles) and bulk packs of 10,000 (200 bundles). Custom quantities available on request.
Appearance	Natural wood. As a natural material, colour and grain may vary slightly between batches.
Suggested uses	Fish & chips, takeaways, street food, food trucks, festivals, BBQs and parties.

3 Size Range

Code	Description	Length	Width	Thickness	Retail SKU (1,000)	Bulk pack qty
RCHF001	Wooden chip fork	94 mm	17–11 mm	1.6 mm	RCHF001 · 1,000	10,000 (WCF001)

Note: Dimensions are nominal; the chip fork tapers between 17 mm and 11 mm in width. Supplied in paper-wrapped bundles of 50 — 1,000 forks (20 bundles) or 10,000 forks (200 bundles).

MANUFACTURING TOLERANCES

Product	Tolerances
Wooden chip forks	Length ± 1 mm · Width ± 0.2 – 0.3 mm · Thickness $+0.2 / -0.1$ mm

4 Supporting Compliance Documentation

The following documentation is held on file for the wooden cutlery range and is available to trade customers on request.

- **BRCGS certification.** The manufacturing site is certificated to the BRCGS Global Standard for Packaging Materials, Issue 7, at Grade A, for disposable wooden tableware and ice cream items for food-contact use.
- **FSC® Chain of Custody.** Chain-of-custody certification covering applicable wood product groups, including wooden tableware. Product is supplied as FSC-certified only where the FSC declaration is stated on the sales or delivery documents.
- **Food-contact safety testing.** Independent accredited-laboratory testing returns a pass for sensory examination (odour & taste), pentachlorophenol (PCP) to U.S. FDA 21 CFR 178.3800, and — under EC 1935/2004 and German LFGB — arsenic and the specific migration of formaldehyde and phthalates.
- **Phytosanitary certificate.** Official certification for imported consignments, certifying the goods are free from quarantine pests on entry to the UK.
- **Allergen declaration.** Confirms the forks are made from compliant wood, free from common allergens (such as nuts, pollen and latex), with no sensitising coatings or additives.

5 Warnings

- Wooden chip forks are intended for single-use food service.
- Children should always be supervised when using wooden cutlery.
- Natural wood may vary slightly in shade, grain and finish and could occasionally have a splinter.

Note: This specification has been compiled from Yolli's product information and supporting supplier documentation. These forks share the same supporting compliance documentation as the wider Yolli wooden cutlery range. Related sheet: Yolli Wooden Cutlery Specification.
