## 1 Product Overview

- Yolli clear cello bags are food-grade polypropylene side-weld bags, manufactured in the UK for consistent quality across one of the widest stocked size ranges available from a single UK manufacturer.
- These heat-sealable display bags give a professional, crystal-clear finish for confectionery, bakery goods, wax melts, gifts and retail products. The bag width is always the open side.
- Bags are supplied in retail packs of 50 or bulk boxes. A self-seal adhesive strip is available on every size by request, and custom sizes can be produced for trade customers with volume requirements.

## 2 A Note on the Name

Although commonly called cello or cellophane bags, these are made from food-grade polypropylene, not cellophane. "Cello" is the industry name for clear display bags of this type. Polypropylene is clearer, stronger and more heat-sealable than true cellophane.

### 3 Technical Characteristics

Property	Specification
Material	30 micron food-grade polypropylene (PP).

7" × 10"	178 × 254	RSW018A · 50 pk	SW017	3,000

**Note:** The first dimension is the bag width (the open side); the second is the height. Bulk box quantities are nominal pack counts. Custom sizes outside this range can be produced on request for trade volumes.

## 5 Sealing Options

Method	Detail
Heat sealing	Supplied as standard. Compatible with impulse and continuous band / bar sealers for a secure, professional finish at volume.
Self-seal strip	Integrated adhesive strip allowing the bag to be closed by hand — no heat sealer needed. Available on all sizes but must be requested by email before ordering, as it is not applied as standard.
Twist ties & bows	Twist ties, satin bow ties and ribbon can be used to close and decorate for a premium presentation finish.

## 6 Typical Applications

- Confectionery, sweets and fudge
- Cake pops, biscuits, brownies and pastries
- Wax melts, snap bars and candle products
- Wedding favours and party bags
- Corporate gifts and hamper components
- Dried goods, spices and ingredient packing
- Greetings cards and stationery
- Product samples and promotional giveaways

## 7 Custom & Bespoke Supply

Bespoke bag sizes outside the stocked range can be produced for trade customers with volume requirements. Custom-printed bags are available on the same food-grade polypropylene film, with logos, ingredients and barcodes printed directly onto the bag.

Custom production is subject to minimum order quantities, lead times and confirmation at the time of enquiry.

## 8 Supporting Compliance Documentation

The bags are manufactured from food-grade polypropylene suitable for direct food contact when used as intended.

- Food-contact / migration documentation for the polypropylene film is held on file and available to trade customers on request.
- Yolli holds BRCGS Agents and Brokers certification covering food-contact packaging materials, including plastic products.
- VAT invoices are provided with all business orders.

**Note:** This specification has been compiled from Yolli product data. Specific compliance certificates and declarations can be issued to trade customers on request — confirm exact certification references before relying on them for due-diligence files.

## 9 Warnings

- Plastic bags can present a suffocation hazard. Keep away from babies and children.
- Not suitable for oven, microwave or boil-in-bag use unless separately confirmed for the finished application.
- Store away from direct heat and naked flames.
