1 Product Overview

- Yolli paper lollipop and cake pop sticks are solid section rolled paper sticks supplied for confectionery, bakery, craft and professional manufacturing applications.
- The stocked range is produced in white and includes compact cake pop sizes through to longer display lollipop sizes. Products are supplied in retail packs and bulk carton quantities, with pallet, container and bespoke supply available on request.
- The sticks are solid section rolled white paper with a paraffin surface finish and are suitable for direct food-contact confectionery applications when used as intended. They are compatible with modern lollipop forming equipment.

2 General Characteristics

Property	Specification
Material	Solid section rolled white paper sticks with a paraffin surface finish, as confirmed by the manufacturer.
Section / format	Round solid paper sticks.
Standard colour	White.
Custom options	Bespoke lengths, diameters, colours, simple prints such as barcodes and logos, and alternative packaging formats available on request.

Retail pack availability varies by size. The 110 mm × 3.8 mm stick is available in a 7,200-stick bulk carton pack.

5 Applications

Yolli paper lollipop sticks are suitable for a range of confectionery, bakery and craft applications.

Application area	Examples
Confectionery	Lollipops, chocolate pops, marshmallow pops and candy apples
Bakery	Cake pops and cake toppers
Craft use	Classroom activities, DIY decorations and model making
Manufacturing	High-volume lollipop and confectionery production

6 Custom & Bespoke Supply

For larger production runs, Yolli can supply bespoke paper sticks to customer specification. Custom options may include non-standard lengths, diameters, colours, simple printed details, branded packaging and alternative pack formats.

Custom production and bespoke packaging are subject to minimum order quantities, lead times and confirmation at the time of enquiry.

7 Supporting Compliance Documentation

The following documentation is held on file for the paper stick range and is available to trade customers on request.

- **BRCGS certification (supplying site, upstream of Yolli).** The supplying business upstream of Yolli holds certification to the BRCGS Global Standard for Agents & Brokers, Issue 3, Grade A, covering the broking and supply of food-contact packaging materials.
- **ISO 9001 quality management system.** UKAS-accredited certification issued by the British Assessment Bureau (UKAS Management Systems no. 8289).
- **Food-contact safety testing.** Independent food-contact testing is held on file for the white paper stick product range. Available reports cover applicable sensory, migration, chemical-safety and microbiological parameters, with tested results reported as within the applicable limits.
- **Allergen declaration.** Based on the manufacturer's declaration, none of the 14 declarable allergens are intentionally used in the manufacture of the finished sticks. An allergen declaration is held on file.

Note: Current copies and exact certificate references can be supplied to trade customers on request for due-diligence files.

8 Warnings

- Lollipop sticks and similar stick products may present a choking hazard and are not suitable for children under 3 years of age.
- Children should always be supervised when using stick-based food products.
- Not suitable for oven use unless separately confirmed for the finished application.
