## 4 Supporting Compliance Documentation

The following documentation is held on file for the wooden stick range and is available to trade customers on request.

- **BRCGS certification (manufacturer).** The manufacturing site is certificated to the BRCGS Global Standard for Packaging Materials, Issue 7, at Grade A, for the manufacture of disposable wooden tableware and ice cream items for food-contact use.
- **FSC® Chain of Custody.** Chain-of-custody certification (licence FSC-C208589) covering applicable wood product groups, including ice pop / lolly sticks and wooden tableware. Product is supplied as FSC-certified only where the FSC declaration is stated on the sales or delivery documents.
- **Food-contact safety testing (SGS).** Independent SGS testing returns a pass for sensory (odour & taste), pentachlorophenol (PCP) to U.S. FDA 21 CFR 178.3800, and — under EC 1935/2004 and German LFGB — arsenic and the specific migration of formaldehyde and phthalates.
- **Phytosanitary certificate.** Official certification for imported wooden stick and ice cream spoon consignments, certifying the goods are free from quarantine pests on entry to the UK.
- **Allergen declaration.** Confirms the sticks are made from compliant wood, free from common allergens (such as nuts, pollen and latex), with no sensitising coatings or additives.

## 5 Warnings

- Lollipop sticks and similar stick products may present a choking hazard and are not suitable for children under 3 years of age.
- Children should always be supervised when using stick-based food products.
- Natural wood may vary slightly in shade, grain and finish and could occasionally have a splinter.

**Note:** This specification has been compiled from Yolli's existing product sheets and supporting supplier documentation. Customer-specific statements for additional variants can be issued where required.
